TROLLEY TRAIN DERAILED BY OPEN SWITCH

18 Persons Injured, Three Prob-
ably Fatally, as Cars Plunge
Into Ditch on Niagara
Falls Line

RAIL PIERCES CAR

Second Vehicle Held Upright by
Track Section; Danger Spot
Hidden by Tree

Buffalo, July 2.—The two car trolley train on the International Railway company's Niagara Falls high speed line, wrecked at North Tonawanda today, plunged through an open switch. Official investigation has established this fact, but whether the switch was tampered with or accidentally left open is still in doubt. The train was going at 50 miles an hour when it left the rails and bumped along the roadbed 150 feet before one of the cars turned over. The other was held in position by one of the rails which was torn from the roadbed and rammed through the door of the car.

There were 34 passengers on the first car and 16 on the second and of these 33 were injured, three probably fatally.

Switch Used Earlier.
The switch at which the train left the track leads into the north yard of the old trolley car barn at Gratiot and is seldom used, but according to information gathered by the police a crippled trolley car was placed in the barn this morning a short time before the accident.

The switch points are directly under a trestle and view of them from the Buffalo side is cut off by the trestle. Subsequent to the switch, the motor man claims he did not see the open switch. The car was off the rails, he says, before he realized anything was wrong.

The injured were taken to hospitals at North Tonawanda, Niagara Falls and Buffalo. Motorists passing the scene of the accident carried 10 of the injured to the Falls hospital. George Goetz of Buffalo was among the more seriously injured in the wreck. He was taken to the Buffalo hospital where it was expected that amputation of both hands would be necessary. Others injured, treated at the hospital, include: Angelo Nuccio, Pittsburgh; Dr. Elias Wagner, Niagara Falls; F. W. Stacey, North Tonawanda; Marcelino Barandine, Arnold, Pa.; and Thomas Kane, Arlington, N. J.

ONE KILLED, 14 INJURED IN FRENCH GRAND PRIX

(By the Associated Press)
Tours, France, July 2.—One person was killed and 14 were injured today in the running of the automobile grand prix here today, which was won by Seagraves, driving a Sunbeam car.

The accident occurred at the hairpin turn. The DeLage entry failed to make the curve on the first round, ran into a fence and then rolled with a tree, plunging through part of the crowd.

SOVIET POLICY HALTS FOOD

(By the Associated Press)
Nenets, Alaska, July 2.—Isolated Nenets in far northern and northwestern Siberia are threatened with an ammunition and food shortage as a result of the decision at East Cape of American trading vessels and the policy of the Soviet government in discouraging trade by foreigners. It was learned here from authoritative sources today.

FUNERAL OF JAMES K. MCGUIRE

Syracuse, July 2.—Funeral services were held here today for former Mayor James K. McGuire, who died suddenly at Washington, D. C., a week ago. Citizens, irrespective of political party, paid tribute to the "boy mayor" who once presided over the city of Syracuse.

POPE PIUS WANTS PEACE IN RUHR

Urges Pious Muncio in Berlin to
Aid in Securing End of
Passive Resistance

(By the Associated Press)
Rome, July 2.—The Stefania agency semi-official organ, declares that, according to the information obtained at the Vatican, Pope Pius has instructed the papal nuncio in Berlin to make representation to the German government with a view to securing cessation of the passive resistance in the Ruhr.
The pope's message to the nuncio makes reference to the Duisburg outrage and says:
"While the holy father by his letter is endeavoring to induce the powers to arrive at a friendly understanding, he begs them to suspend any action which may prevent it and deeply regrets to hear of acts of sabotage in the occupied territories and other crimes, under the pretext of passive resistance. The pope charges you to make vigorous representations to the German government that it may once for all condemn such criminal resistance, which is condemned by the holy father himself."

Brussels Will Protest.
Brussels, July 2.—The Belgian government, it is stated in authoritative quarters, intends to protest to the Vatican in connection with the recent papal letter bearing on the reparations questions and Ruhr occupation. The form of the protest has not been decided upon, but will probably be contained in a letter, it is said.

GENERAL GOURAUD TOURS METROPOLIS

"Iron Man of Argonne" Pays Re-
spects at Grant's Tomb;

New York, July 2.—General Henri Joseph Eugene Gouraud of France, war time commander of the Rainbow division, "the Iron Man of the Argonne," saw New York today.

Accompanied by army officers, who once campaigned with him, he invaded the city hall, penetrated the strongholds of the financial districts, scaled the Woolworth tower and concluded by paying his respects at the tomb of Grant of Riverside Drive.

WORN WHEELS CAUSE TRUCKS OF "L" TRAIN TO HIT FROG

New York, July 2.—The wheels of the elevated railroad train which toppled to its side in Brooklyn last week, causing the death of eight persons and injury to many others were so badly worn that a part of the truck came into contact with the switch frog and caused the derailment, Assistant District Attorney Gallagher declared today. The wheels were down an inch and a half, he said.

DECREASE IN LYNCHINGS

Mobile, Ala., July 2.—For the first six months of 1923, ending June 30, there were 15 lynchings in the United States, according to data compiled by the Tuskegee Normal and Industrial Institute. This is 15 less than the number for the first six months of 1922, and 21 less than for the first six months of 1921. Of those lynched, two were whites and 13 were negroes. One of the latter was a woman.

DEVELOP RESOURCES

Executive Advocates Bringing Out
Latent Powers Rather Than to
Preserve Them in Natural
Circumstances

(By the Associated Press)
Spokane, Wash., July 2.—Gradual development of the nation's natural resources rather than preservation of them in their original state was advocated by President Harding here tonight as the only conservation policy to which America dare commit herself.

The President, speaking on "development, reclamation and water utilization," declared against locking up the public domain "as a treacherous house of potential wealth," on the grounds that such action would prevent it from being ready for use when needed. He made it plain that he stood for gradual development, such as the use of water both for irrigation and power and for a policy of conservation that preserves the national interest while permitting use of the timber as needed.

OUTLINE RECLAMATION PLAN

Mr. Harding's address, delivered in the armory here, was the first he has made on the Pacific coast since he became President. He outlined no explicit reclamation program, but declared "we must look for plans that are safe; plans so conceived that they will not unduly burden the settler in the days when he is reducing the land to production; plans that will not reasonably burden the government to unwise or unreasonable expenditures."

Mr. Harding's address concluded a nine-hour visit to Spokane, during which he made an automobile tour of the business district, inspected the dam site for the proposed Columbia basin irrigation project and was shown a series of motion pictures of the Columbia basin. After the address, the presidential party left here for Medford, Ore., to participate in the old Oregon Trail celebration there tomorrow.

President Harding, for half an hour or so today, came into realization of his boyhood ambition to become a locomotive engineer. It was not one of the steam locomotives, spouting smoke and cinders that he drove, but an electric engine on the system of the Chicago, Milwaukee & St. Paul railway.

WOULD HALT L. C. C. VALUATION WORK

Petition Would Hold It Up Until
After Commission Makes
Preliminary Report

WOULD HALT L. C. C. VALUATION WORK

(By the Associated Press)
Chicago, July 2.—A petition requesting that the Interstate Commerce commission defer further making of valuations of the railroads until it has made preliminary reports required by law, and that it shall report the original cost to date of railroad properties and the amount and value of public donations to the railroads, was filed with the Interstate Commerce commission today by counsel for the National Conference on Valuation of American Railroads recently held, it was announced here.

The valuation conference was in session here on May 22 and 23, and was presided over by Senator Robert M. La Follette of Wisconsin. The petition, however, calling for valuation of railroad properties on an original cost basis and recovery of public grants to the roads, prevents the commission from making the valuation "act" and not that in case the commission rejects the request of the petitioners that it be an order "clearly defining the commission ruling that it may be tested in the court."

WASHBURN, 17, MURDERER OF RECLUSE, SENTENCED

Moorestown, Pa., July 2.—Elmer Washburn, 17 year old lad convicted of the murder of Cyrus Payson, aged recluse, was sentenced to not less than 17 years and not more than 19 years in the Eastern penitentiary at Philadelphia today by Judge A. V. Smith. Attorneys for the boy will move to have the sentence modified so that he may serve a shorter time in some other institution.

DEMPSEY-GIBBONS FIGHT IN CRISIS

Jack Kearns Holds Key to Situa-
tion, With Indications of Com-
plete Battle Collapse

(By the Associated Press)
Great Falls, Mont., July 2.—The once dreamed of \$100,000 heavyweight championship fight between Jack Dempsey and Tommy Gibbons at Shelby, July 4, tonight hung in the balance with Jack Kearns, manager of the world's champion, holding the key to the situation and every indication pointing to a complete collapse of the battle.

The crisis broke this afternoon when Major J. E. Lane, trustee of the promoters, admitted that the \$100,000 due Dempsey on his \$200,000 guarantee not later than midnight tonight, had not been raised, and that he saw no prospect of raising it, unless a bundle of money dropped from the sky.

NO CHECK ON RECEIPTS

While the sporting world was in suspense over the \$100,000 payment, there was one spot in Great Falls where normally quiet and supreme. That spot was Dempsey's training camp. There was not a whisper or a ripple to indicate that the champion was in the least perturbed at the frantic efforts to raise the money which his manager demanded. No announcement was forthcoming at fight headquarters concerning ticket sales. Tim Campbell, ticket manager, declined to estimate the amount of actual cash received for tickets in the past few days or since ticket sales began. He said several batches of tickets distributed to cities throughout the country had not been returned and that no check on actual sales could be made until they were received.

FRENCH SEIZE PART OF KRUPP CONCERN

Two Other Private Firms Taken
Under Degoutte's New Orders;
90 Locomotives Found

(By the Associated Press)
Dusseldorf, July 2.—The first seizure under General Degoutte's decree giving the occupation forces power to take over private property for reparations purposes were announced today. Three plants were taken over by the French, the first being a branch of the Krupp locomotive works at Segeroth, a little station near Essen.

Four brand new locomotives were seized at these works, which are now occupied with the manufacture of locomotives instead of big guns, as during the war. Reports from Berlin state that the capital was greatly excited today by messages that the Krupp works in Essen had been taken over, but the dispatches apparently were founded on this seizure of a comparatively small branch.

MINERS AND OPERATORS TO MEET IN ATLANTIC CITY

New York, July 2.—Representatives of the United Mine Workers of America and of the general committee of anthracite operators will meet at Atlantic City on July 6 to negotiate for a new agreement effecting districts 1 and 2, of the anthracite coal fields. It was announced today. The present agreement affecting wages and working conditions will expire August 31.

DISCUSS GREEK LOAN TO HELP MILLION REFUGEES

(By the Associated Press)
Geneva, July 2.—When the 22nd session of the council of the League of Nations opened this morning, Colonel James A. Logan, who is associated with Roland W. Boyden on the reparations commission, arrived from Paris to discuss the question of a Greek loan to aid a million refugees, necessitated by the withdrawal of the Greek army from Asia Minor.

REFUSE ENTRY TO THOUSANDS OF IMMIGRANTS

Some Will Be Deported Without
Having Landed; Quotas Rap-
idly Filling; Ships Bring

ALLOTMENTS FULL

No More Asiatics or Africans Will
Be Taken; 375 Mechanics,
Engineers and Clerks
From England

New York, July 2.—The number of immigrants who have been examined, passed and allowed to enter the United States since the new alien quota opened Sunday, passed the 3,000 mark today. These people, many of whom traveled as far as 5,000 miles and spent the entire trip worrying about whether they would arrive in time to enter the country, hurried off the small ferry which runs between Ellis Island and Manhattan, dividing their attention between the friends who rushed to meet them and the towering buildings of lower Broadway.

Some 3,000 others are still being held at the immigration station, or are waiting aboard ships for their examination. Thousands will be sent back over the long miles without ever setting foot in the United States.

Lines continued to arrive today and were held in the bay by fog, passengers leaning over the rails trying to get a glimpse of the land of promise.

ASIA AND AFRICA QUOTAS COMPLETE

The quotas for Asia and Africa already have been filled, according to Deputy Commissioner Uhl, and many more will be exhausted when people on the ships now in port have been examined. Among these will be the Greek, Turkish, probably the Swedish and the Italian and six or eight small European countries.

Aliens are arriving faster than they can be examined and several ships scheduled to leave deposited their passengers on the pier, where they are guarded by immigration officials. Cots have been provided by the steamship companies, and the big barn-like pier sheds are still filled with hundreds of men and women, children, beds, baggage, and personal belongings of every description.

FEWER JITNEYS IN SCHENECTADY

Operators Expect Injunction Re-
straining Them From Con-
tinuing Business

Schenectady, July 2.—Intervention by the directors representing the interest of the New York Central railroad in the street car strike here would not be likely to change the situation appreciably, according to Harry B. Weatherwax, president of the Schenectady Railway company, and one of the six directors representing the interests of the Delaware and Hudson railroad in the local traction company. In spite of an attitude which seemed favorable for speedy settlement of the strike taken by New York Central officers during concluding sessions of the strike investigation commission, the entire matter continues deadlocked.

The chamber of commerce, through its present president, John F. Horman, is said to have asked Mayor Clarence A. Whitmyre this afternoon for a conference. With a view to being about some sort of strike arbitration. A meeting of the two scheduled for tomorrow morning.

TEAR GAS CAUSES NATIONAL GUARDSMEN TO SEEK MASKS

Peekskill, July 2.—Tear gas escaping from a tube during a lecture on gas warfare at the state National Guard encampment today affected nearly 2,000 members of the 16th Infantry of Brooklyn. Some of the guardsmen managed to get gas masks on in time to save themselves.

The wind carried the gas to a ridge some half mile away where members of the 16th Infantry of Troy were firing, causing target practice to be abandoned. No ill effects followed as the particular type of gas is comparatively harmless.

RAIDERS ROB RAILWAY

St. Louis, July 2.—Five armed and masked men held up the office of the United Railway company here late today and escaped with approximately \$15,000. About a dozen employees were in the office at the time, and two employees fired shots at the bandits as they escaped in an automobile. One of the employees said he believed he hit one bandit as he saw him fall into the tonneau of the car. The office is in the central part of the city.

posal Advocates

New York, July 2.—The first entry for the \$100,000 American peace award, offered by Edward Bok, former editor, for the best practicable plan for the cooperation of the United States with other nations for the attainment and preservation of world peace, was made today, within a day after the award had been announced. The peace plan came from the International No-More War demonstration, of New York, and was as follows:

"1. That immediate steps be taken to outlaw war by making it illegal to prepare for, declare, or carry on war.
"2. That an agreement be reached with other nations that war, for any reason, be declared a crime, as well as the use of armed force against subject peoples and in time of revolution.

NEW ENGLAND ASKS DELAY IN HEARING

Want Postponement in Rail Con-
solidation Conference; Wants
System of Its Own

Augusta, Me., July 2.—The governors of the New England states, excepting New Hampshire, tonight dispatched a telegram to the Interstate Commerce commission requesting that the proposed hearing on railroad consolidation be postponed. The postponement was urged "in order to give sufficient opportunity to the citizens of New England, to the public and commercial organizations and to all other interested to study the report that has been presented to the New England governors."

The report referred to was made yesterday to the assembled governors at Portland Springs by James J. Scowrow, chairman of the Joint New England railroad committee, namely, the governors 18 months ago to study the New England railroad transportation problem in order to determine what the attitude of New England should be towards the transportation act of 1920 directing the Interstate Commerce commission to prepare a plan for the consolidation of the railroads of the United States into a limited number of systems.

Assaults By Policemen Big Menace to Safety

New York, July 2.—Assemblyman John Sweeney, in a letter to District Attorney Nathan, made public today, said the recent increase of alleged assaults by city policemen is a great menace to the safety of the city. He urged a special division of the district attorney's office to combat it. "It is well known that when a policeman is assaulted, he is often killed through police champions."

SUMMER SCHOOL OPENS

Registration Yesterday Totaled 742—More Expected Today.

Registration for the summer session at the State Normal school totaled 742 at the close of the day yesterday. This is about 100 short of the number registered last year at the same time, and present indications point to a school that will total about a hundred less than last year.

The students registered are almost entirely from New York state, but a few have come from Pennsylvania and Vermont. Although youth predominates, the ages of those enrolled varies from 18 to 60. This year brings no increase in the number of men students, there being about fifty to date. Late comers will be given a chance to register at 1:30 p. m., this afternoon.

"NEVER UP —

"BUT THERE IS

"EVEN THOUGH YOU

What are the fundamentals of good putting?

Answered by
PHIL GAUDIN

Medalist, British open championship; Captain of British international golf team; member of that team for eight consecutive years. Winner of numerous foreign tournaments, including Manchester Guardian trophy.

Take a stance well over the ball. Hit it firmly so that it travels. Too many players are afraid to do more than kiss a ball with a putter and, as a result, it either rolls short of the hole or is deflected by a tiny tuft of grass or bit of dirt which would have had no effect on it, had it been given more momentum. The old rule of "never up, never in" is a good one to follow. Certainly if a ball doesn't get as far as the hole, it has no chance of getting in, whereas it does have some chance if it overshoots.

The Pittsfield club has released the veteran Eddie Zimmerman.

The Rockford club has sold Pitcher Joe Edleman to Flint of the Flint league.

Clarence Sheedy, captain and first baseman of the Georgetown university baseball team, has been signed by the Baltimore Internationals.

Boston college, rather dangerous in football, is said to have the best baseball team in the East. The nine is coached by Olaf Hendrickson.

Paul Atchuck, pitcher who had agreed to give up baseball, agreed to join the Baltimore Orioles and will be used as coach and relief pitcher.

Roger Peckinpah, the veteran shortstop with the Senators, is a past-master at the art of easy throwing from afar and in about any position.

"Babe" Adams, Pittsburgh's veteran pitcher now twirling his twentieth season under the big top, is in a fair way to equal Cy Young's record of 22 years in the big leagues.

O. L. Bluege of Washington is putting up a fine game at third base. He bats consistently and has a long-range throw that gives him plenty of time to retire the average runner.

Pitcher Pat Flaherty, who was given a trial by the Washington Americans and sent back to Shreveport of the Texas league, has been signed by the Des Moines Western league club.

CAREY OF PIRATES IS TOPNOTCHER

Max Carey, veteran outfielder of the Pittsburgh Pirates, still is on the job after many years of big league service. Carey has always been a topnotcher among the base runners, is a mighty hard hitter and clever fielder. The photograph shows him in action in the field, catching a fly ball and returning it to the infield.

STAMFORD WINS

With Scanlon Pitching, Mountaineers Victorious over Tannersville at Farmer Village Yesterday, 4 to 3.

Stamford, July 2.—A poor peg in the seventh inning of the game today between Stamford and Tannersville prevented "Joe" Scanlon, who was loaned to the local team from scoring a shut-out over the latter, the three runs secured in that inning making a score of 4-3, in favor of Stamford. The pitching of Scanlon was the feature of the game, but fine fielding by both sides prevented runs for each side.

Tracy, Dartmouth captain and star pitcher, arrived today to join the club and will probably start against Oneonta there on Wednesday. Price, star pitcher of Columbia university, is expected on July 5, and at least two other pitchers will report in a few days.

Warning Handed Father

Bill Daly by Steward

Father Bill Daly was notified by the Jamaica stewards recently to outfit his apprentice jockeys with the right sort of equipment for the horses they are to ride in the future. It is a long time since Bill had the best lot of apprentices and the cleverest finished riders in the country, but the old man is still trying, though his stable has dwindled a lot since the days of Prince George, for which Richard Croker gave him \$15,000; Lizzie, Bronzermarte and other good ones.

Queen Elizabeth Ardent

Devotee of Golf Sport

Queen Elizabeth of Belgium has become an ardent devotee of golf. She had links laid out in the park at Leeken, where she plays almost every day. Prince Leopold also plays frequently with his mother and has become very fond of the game. The royal patronage has led to the building of several new courses in Brussels and Antwerp and has increased sales in the athletic goods stores.

AMERICAN LEGION NOTES

Local and National.

A meeting of the auxiliary to Oneonta post, American Legion, will be held at 8 o'clock this evening at the Community house. Three members of the executive committee will be elected and arrangements made for the installation of officers the week of July 16.

A ballroom, the "American Legion," has been entered in the national competition for the best ballroom in the United States. The ballroom is located in the American Legion building, 121 North Main street, Oneonta, N. Y.

President Harding's plan for American Legion entrance into a world war will be supported by the American Legion, in accordance with a resolution adopted at the last national convention. The resolution provides that such a plan, Commander Alvin Karpis declared in a recent speech. The legion will continue its fight for the exclusion of immigrants for a period of five years, he stated, not only for the protection of American citizens but for the better establishment of our American citizens. The need of their citizens, who are looking to America, far more than does the United States.

Oneonta is indebted to the American Legion for the \$100,000 loan against the American Legion building, 121 North Main street, Oneonta, N. Y.

MATTERS WORTH NOTING

A Good Man.

Railroad statistics are rarely exciting reading, but they have "a meaning all their own." A good example of this sort of thing is found in the report of the Boston and Albany Railroad that its freight business in April was very heavy, and during the 30 days of that month it hauled from its western gateway 34,400 loaded freight cars, an average of 1,146 cars a day. The largest number hauled on any single day was on April 27, when 1,416 loaded cars were hauled out, and there were even other days during the month when the number of loaded cars moved out exceeded 1,200. This record for April exceeds the record for March, when the road hauled out 32,170 loaded freight cars, an average of 1,069 cars a day. One of three unobtrusive signs of trade prosperity that we all should be glad to note.—[Boston Post.]

If the German government is not already aware of the situation, it will learn in time that:

Germany was responsible for the war.

Germany lost the war.

Germany devastated a goodly section of France.

Germany cannot avoid responsibility, and must pay, not a merely sum, but to the extent of her ability.

The sooner Germany makes up her mind to cease whining and face the facts, the sooner will she be able to get out of her difficulties.—[Philadelphia Inquirer.]

Women Communitarians.

In agreeing to admit women as "associate members" the Republican National committee has taken a step in harmony with the logic of the Nineteenth amendment to the Constitution of the United States.—[Philadelphia Public Ledger.]

To Fine Jaywalkers.

Newark has taken a step which New York will soon follow. It has made jaywalking a misdemeanor punishable by a fine of from \$2 to \$25.—[New York Herald.]

It is a Weary War.

As June wanes and July nears the weary new-old war in the Ruhr drags along its destined way. Europe watches strained and uneasy. France is weary but Germany is bone-weary.—[Philadelphia Public Ledger.]

Ontario Sees the Light.

Government by farmers has failed in Ontario, just as government by plumbers, by authors or by manufacturers would have failed. Ontario has demonstrated to the world that there can be no such thing as successful administration by bloc.—[New York Tribune.]

President's Stand on Prohibition.

The pronounced stand taken by President fixes the status of the Republican party in the convention of next year. It will unquestionably make a flat-footed declaration for enforcement and the obligation of the people to uphold law. The Democratic convention will have a monopoly of whatever disputes may arise.—[Philadelphia Inquirer.]

The Eckler Reunion.

The reunion of the Eckler family was held Saturday at the home of Luzern Denton in the town of Middlefield. There were about forty present, the guests coming from Milford, Westville, Oneonta, Cooperstown and other near-by places. A delicious dinner, furnished by the members of the clan, was spread on tables on the lawn in front of the residence, and the afternoon was spent in games, recitations of the young folk, and music on the Victrola.

At the business meeting Ellery Thompson of Middlefield was elected president, William Eckler of Milford vice president and Mrs. Guy Eckler of Milford, secretary and treasurer. The picnic next year will be held at the home of William Eckler of Milford, on the last Saturday in June.

Mr. and Mrs. Arthur C. Bort of this city were among those in attendance.

Many Oneonta merchants will close their places of business at 6 p. m. Tuesdays, Thursdays and Fridays during July and August. The grocery stores will close as near six as possible and not later than seven.

Edward D. Lewis gave several friends a ride yesterday in his new Cadillac automobile and all were much pleased with its strength, stability and hill-climbing ability when at full speed.

This evening a display of fireworks will be given on the Fairchild lawn by Master Sherman Fairchild and Misses Katherine, Clifford, June, Muriel and Grace Miller for the entertainment of a party of their young friends.

The D. F. Wilber Hook and Ladder company has elected the following officers: President, Mrs. A. L. Kellough; second assistant, Russell Campbell; secretary, E. D. Townsend; delegates to county convention, Leo Hoffman and Clark A. Sanford.

Binghamton bankers are taking a Saturday half holiday.

Z. P. Cooper, encouragement, I. O. O. F., will celebrate its fourth anniversary this evening.

Arrangements are being made for the organization of an M. E. mission church in the vicinity of River street and Fourth avenue.

W. H. Hadden, for several years the traveling representative of Morris Brothers, has resigned that position. M. C. Hemstreet has been engaged in his place.

SIMMONS FAMILY REUNION.

Seventy-Five Relatives Gather at Newburg Park on Saturday Last.

The twenty-first annual reunion of the J. A. Simmons family was held at Newburg park on Saturday. Nearly 75 members of the family were present. At 12:30 o'clock a bountiful dinner was served, followed by a program of songs and recitations by Anna Sturrock, Gladys Wright, Marion Wright, Willie A. Simmons and others. Following the entertainment officers were elected as follows:

President—Sherman Simmons of Cooperstown Junction.

Vice-president—James K. Simmons of West Oneonta.

Secretary and treasurer—Mrs. Sherman Simmons.

The committees were re-elected. Relatives were present from Prattville, West Oneonta, Utica, Richmondville, Cooperstown, Davenport Center, Clayville, Binghamton, Hobart, Sidney, Cooperstown Junction, West Davenport and Oneonta.

A rising vote was extended to the city of Oneonta for its hospitality and it was decided to meet here again on the last Saturday in June, 1924.

VICKS VAPORUB

Refugees Flee From Doomed Village

As the torrents of the molten lava from the belching Mt. Etna, "Mountain of Fire," swept down on the town of Castiglione, its population rushed frantically to the little railroad station to get out of the zone of danger. More than 24 hours after they left, the entire town was destroyed. Thirty thousand were made homeless and millions were lost in the disaster which continued several days after the first eruption of June 17.

Chief Clerk and Bride Honored.

Winifred E. Brown, chief clerk to D. & H. Yard Master J. H. Nolan and his bride, were pleasantly surprised at the yard office Saturday afternoon when they were made the recipients of a purse of \$50 in gold, a wedding present from his associates. Mr. and Mrs. Brown, who have just returned from their wedding trip, were taken to the office by Mr. Nolan to find gathered there employees of the yard office and the yard crew. The presentation speech was made by Mr. Nolan, who expressed the pleasure of Mr. Brown's associates in being able to bestow the slight token of their esteem. Mr. Brown responded briefly, thanking the men, on behalf of himself and his wife, for their thoughtfulness. Following the presentation another surprise was in store for Mr. and Mrs. Brown, the nature of which is a deep secret safely locked in the breasts of those who participated.

To Shorten the Flag for the Sake of Art

Washington.—The American flag is too long in proportion to its width to be artistic and a reduction of 12.1 per cent in the length of the present standard size has been decided by the Fine Arts commission to be the most artistic proportion.

In consultation with a committee of government officials appointed for the standardization of the flag the commission decided upon a ratio of 1.07 to 1 instead of the present 1.90 to 1. That would make the standardized flag about two-thirds longer than its width.

The decision was reached through tests of various sized flags flown from the Arlington amphitheater flagpole.

SUICIDE BY DROWNING

Mrs. Alfred T. Williams Found in Creek Near Home at Fork Shop Yesterday Morning — Invalid a Year From Shock.

Cooperstown, July 2.—Mrs. Alfred T. Williams of Fork Shop committed suicide early this morning by drowning in the creek which runs between her home and the barn. Her body was found by her husband as he started out to do the chores and it is thought that she left the house at about 2:30 o'clock. Funeral arrangements have not yet been completed.

John Hopkins, son of Mrs. Williams, visited at the home yesterday and talked with his mother for some time after Mr. Williams went to bed. He did not know what time it was when he retired, but thought that his mother was in her usual health when he left her. She had been an invalid following a paralytic shock which she suffered a year ago, and was just able to walk around with the aid of a cane. She left the house at the time determined as about 2:30 o'clock and drowned herself in from 1-2 to 3 feet of water off a bridge between the house and the barn.

Surviving Mrs. Williams, who was formerly Mrs. Hopkins, are her husband, the son, John Hopkins, who recently entered the employ of the Cook Auto company of Cooperstown, and a daughter, Mrs. Maurice Osterhout of Phoenix Mills. Another son, Charles, served in the army as did his brother, but he made the supreme sacrifice overseas following the signing of the armistice.

Mrs. Williams was a resident of Cooperstown at the time of her last marriage and was highly esteemed in this village. The sympathy of a wide circle of friends will be extended to the family.

NATIONAL SCOUT COUNCIL

Will Meet This Month at Boy Scout Camp, Palisades Interstates Park—Record Attendance Expected.

For the first time in the history of the Boy Scout movement, the Annual meeting of the national council will be an outdoor affair and will be held at the Boy Scout camp in the Palisades Interstates park, July 9-10. This is the largest camp for boys in the world. It is a Mecca for scout leaders all over the country. Many groups of eminent men visit these camps each summer. The opportunity to inspect this great standardized Boy Scout camp, composed of twenty or more ordinary sized camps, and the novelty for many of the business men among the 1,300 members of the national council of putting in a night "under canvas," assure a record attendance. It is no small thing for business men attending a convention to give up the comforts of a hotel to sleep at camp.

The national council is the official body charged by congress with the responsibility of administering the affairs of the Boy Scouts of America, with its membership of over 800,000 scouts and scout officials. Between annual meetings it functions through an executive board of 21 members, which has not yet in 18 years failed to a quorum at its monthly meetings. At the annual meeting, the members of the council receive reports from the chief scout executive and the directors of the nine national departments, elect officers and executive board members and transact other important business. The last annual meeting was held in Chicago. Delegates will be taken by special boats up the river to Bear Mountain and by auto busses to the camps. They will witness one of the pageants for which this camp is famous. By auto caravan, they will be taken to West Point to witness an evening review and will enjoy other entertainment being provided for them by the national executive board and officials of the Boy Scout Foundation of Greater New York.

Cooperstown Appreciative of Scouts.

Len Rayner, professional at the Otsego Golf club at Cooperstown, was loud Sunday in his praise of the work of the twenty Oneonta Boy Scouts who acted as caddies at that club during the tournament of the advertising club, and said that he hoped an even larger delegation might be secured for the big tournament next year.

And the Scouts, who were under the leadership of Commissioner C. I. Riederman, felt that they had had a most pleasant outing while making good money, some of the boys receiving as high as \$16.

The people of Cooperstown, too, noticed the demeanor of the Scouts and considerable sentiment was aroused for the re-establishment of Scouts in that village.

Little Fresh Oiling in Otsego.

There is only a little fresh oiling in Otsego county, that on one side of the road from Richfield Springs toward Winfield. It had been planned to commence oiling from Oneonta to Morris Plains this morning but County Engineer Paine has decided to postpone the work until Thursday because of the rain, which will use that road on the Fourth.

My lady's new declaration of independence. LATEST VICINITY NOTES

Matters of Immediate Interest Clipped from Columns of Exchange.

The address of the day on July 4 at New Berlin will be delivered by Hon. Edmund B. Jenks, member of assembly from Broome county. There will be a full day of celebration, with parades, athletic contests, target shooting, trap shooting, baseball game and band concert, in addition to the address which will be at 11:30 a. m.

Charles L. Banks of New Berlin announces himself as a candidate for renomination on the Republican ticket in Chenango county for the assembly. Mr. Banks has served two terms in the assembly and previously had been a member of the board of supervisors and chairman of the board.

At East McDonough, Chenango county, one day recently, Del Lawton's cat brought a rat to the house. Mrs. Lawton noticed something peculiar about the looks of the rat and upon examining it, they found a lady's gold ring around its neck. It must in some way have put its head through the ring when very small, for at this time the ring was so tight that it was fairly choking the rat.

The insurance adjusters have settled with George Carpenter of Gilbertsville for damages to the Empire house by the recent fire. The sum agreed upon was \$1,700.

Eight young men and boys of Bainbridge were arrested recently for taking out the broken pieces of a cracked glass in the store of Clarence Fletcher and helping themselves to crackers, cake and fruit. Four were brought before Justice Hollenbeck, fined \$5 each and sentence suspended, and the others, being under 16 years of age, were looked after by the children's court. The matter is regarded merely as a joke, but it might have led to serious consequences.

A supposed load of booze, completely filling a seven-ton truck, was driven into Oxford last Thursday, but, owing to the repeal of the state enforcement law and the fact that the United States commissioner at Binghamton had no expense account which could be appropriated to such use, the car was allowed to depart unimpounded, despite the effect of District Attorney Truett.

Though covered and padlocked, several keys apparently containing beer were visible in the machine. The same truck got stuck in the creek at Norwich, where, on account of the bridge construction it is now necessary to ford the creek, and it proceeded to Eliza, to which city it was consigned for destruction.

The residence of Attorney D. B. Cushman of Norwich was partially destroyed by fire on Thursday. Damage to the estimated amount of \$4,000 was done.

BOVINE TUBERCULOSIS DECREASES IN ESSEX

Wenport, July 1. — A recent report of all cattle in Essex county for bovine tuberculosis revealed less than two-thirds of one per cent infected cattle and only 54 infected farms, according to the report of W. D. May, county veterinarian. These animals have been removed, and the premises where they were kept cleaned and disinfected, the report said.

As a result of a campaign against bovine tuberculosis begun in 1919, it was explained, and supported by county officials, boards of health, interested citizens and dairymen, it is expected that the disease soon will cease to exist in Essex county. Enough cattle have been sold out of the county to more than pay expenses of the campaign, it was added.

ware Valley Fair association. The society now has debts of nearly \$15,000 and should no fair be held this year it would be two years before state aid could again be received.

By a unanimous vote of the fifteen members present, the Schoharie county board of supervisors has voted down the plan to pension county employees who have served 25 or more years.

Dr. J. F. Bullard is about to discontinue his practice at Walton. He will be succeeded by Dr. L. H. Conlon of South Lansing, N. Y., who is also a Cornell graduate. Dr. Bullard has accepted a position with the veterinary division of the Kansas State Agricultural college at Manhattan, Kan.
